

## TAKES LAUDANUM; BODY LAY IN PARK

Empty Bottle Near C. C. Going  
Gives Color to the Suicide  
Theory.

[Special to The Times-Dispatch.]  
LYNCHBURG, Va., September 23.—  
Commie C. Going, a bridge builder,  
aged about thirty-five years, whose  
home No. 609 Market Street, was  
found dead early this morning in a  
remote part of Rivermont Park. The  
remains were taken in charge by Dr.  
J. W. Davis, the county coroner,  
who had them removed to Duquoin's  
undertaking establishment, where he  
will make an examination this afternoon to ascertain, if possible, the  
cause of death.

Lying near the body was a small  
bottle labeled laudanum, and this  
condition, coupled with the fact that  
the deceased had attempted self-destruction  
several times previously, leads to the  
belief that his death was due to suicide.  
Going was seen in the park early last  
evening, and his remains were discovered  
by several colored men about 6  
o'clock this morning. It is believed  
that the man was dead long before  
midnight.

Going survived by his wife and  
several small children.

## BRAKEMAN FATALLY HURT

Grover Thomas Is Mangled by Train at  
Charlottesville.

[Special to The Times-Dispatch.]  
CHARLOTTESVILLE, Va., September  
23.—Grover Thomas, a brakeman in  
the Southern Railway yards, fell in front  
of a moving box car near the Southern  
roadhouse this morning and was  
fatally injured. His right leg and  
right arm were completely severed and  
his body was badly bruised. He was  
removed to the University Hospital,  
but owing to his weakened condition  
no operation was performed.

The accident occurred at 11:22 o'clock  
at the north end of the turn table  
track switch. Mr. Thomas had just  
cut the car loose from the engine, and  
it is supposed, was seated on the end  
of the moving car. He either fell or  
slipped between the tracks. His body  
was crushed under the car and he was  
rolled over and over.

As soon as the university ambulance  
could be summoned he was taken to  
the University Hospital.  
Captain J. B. Key was among the  
first to reach the scene. He found Mr.  
Thomas conscious and complaining of  
his right arm. In response to a query  
as to how it happened, the injured  
brakeman said that he could not tell.  
After his removal Mr. Thomas exhibited  
great nerve, and though suffering  
a great deal, complained very little.  
Not once did he lapse into unconscious-  
ness until his death at 4:30 o'clock this  
afternoon.

Mr. Thomas is twenty-three years  
old. He had been employed on the  
Southern yard for two years past. His  
home is on Estes Street, Fiveville. His  
family consisting of a wife and one  
child. His wife before marriage was a  
Miss Lanum, a sister of Mr. E. C. Lanum,  
conductor on the local freight  
between Alexandria and Warrenton.

## FREDERICKSBURG NEWS.

Company I, First Regiment, Is Inspected  
by Colonel Stern.

[Special to The Times-Dispatch.]  
FREDERICKSBURG, Va., September  
23.—Colonel J. Lane Stern, assistant  
inspector-general of the Virginia Vol-  
unteers, inspected Company I, First  
Regiment, of this city, at the  
armory here last night. The company  
made an excellent appearance, drilled  
with exactness, and made a good  
percentage.

Active preparations are in progress  
for the Rappahannock Valley Fair,  
which opens here next Tuesday for a  
three days' exhibition. A number of  
cattle-horses are already on the ground,  
the track has been put in order, and  
the trainers are busy every morning  
putting the steeds in racing form.

Convicted of Stealing Drugs.

[Special to The Times-Dispatch.]  
WOODSTOCK, Va., September 23.—  
Hugh Laughlin was found guilty to-  
day of stealing a quantity of drugs  
from the store of Walton and Smoot,  
and sentenced to one year in the State  
penitentiary. An effort was made to  
secure his acquittal on the ground of  
insanity due to drink.

## Danderine

Grows Hair  
and we can

PROVE IT!  
The Great DANDERINE Never  
Fails to Produce the  
Desired Results.

It cleanses and invigorates the hair  
glands and tissues of the scalp,  
resulting in a continuous and  
increasing growth of the hair.

Letters of praise are continually  
coming in from nearly all parts of  
the country stating that Danderine  
has renewed the hair and that in  
cases that were considered absolutely  
hopeless.

"After a short trial my hair stopped  
falling, and I now have a lovely head  
of hair, very heavy and over one and  
a quarter inches long."

Danderine stimulates the scalp,  
makes it healthy and keeps it so.  
It is the greatest scalp invigorator  
known. It is a wholesome medicine  
for both the hair and scalp. Even  
a small bottle of it will put  
more genuine life in your  
hair than a gallon of any  
other hair tonic ever made.  
It shows results from the  
very start.

Now on sale at every drug and  
toilet store in the land; 3 sizes  
25c, 50c and \$1.00

Free to show how quickly  
Danderine acts, we  
will return mail to anyone who  
sends this free coupon to the  
Kaiser Danderine Co., Chicago,  
with name and address and  
10c in silver or stamps  
to pay postage.

## Petersburg News

Times-Dispatch Bureau,  
159 North Sycamore Street,  
Petersburg, Va., September 23.

The physicians of Petersburg are  
giving their hearty indorsement and  
approval of the Civic League in the  
work of cleaning the streets and private  
premises, and in improving the  
general sanitary condition of the city.

The league is composed of ladies, and  
they have shown great interest in their  
work. In July last the league ad-  
dressed circular letters to all the phy-  
sicians asking for their opinion as to  
the work of the league, there was much  
less sickness last summer than during  
any previous season; that there have  
been less malarial and infantile dis-  
eases, and that the records show but  
three deaths of typhoid fever in the  
city in a year. The league is anxious  
to do still greater work by having ad-  
ditional inspectors appointed to assist  
the Health Department.

Dr. R. A. Martin, Health Officer, read  
a paper before the league last evening,  
in which he encouraged the ladies to  
go forward in their good work. In the  
course of his address he advocated the  
appointment of milk and food inspec-  
tors, of an inspector of plumbing and  
building, and the establishment of a  
remedy for the destruction of gar-  
bage and trash, which are now thrown  
out in the open, all as wise sanitary  
measures. The league gave Dr. Martin  
a hearty vote of thanks for his ad-  
dress and asked the privilege of print-  
ing it in pamphlet form for distribu-  
tion.

**Court Proceedings.**  
The Hustings Court will resume the  
consideration of the criminal docket to-  
morrow, with a number of cases yet  
to be tried. The grand jury will also  
meet to-morrow to close up the unfin-  
ished business before it, including sev-  
eral new cases sent up from the Police  
Court since last week. The case of  
John A. Mullen for the murder of  
Elijah J. Cole will come before the jury  
to-morrow, and if an indictment is  
found, the accused will be put on trial  
for his life during the present term.  
Two or three cocaine cases are yet to  
be tried.

The Dinwiddie Circuit Court disposed  
of several criminal cases this week,  
all sentences being mostly imposed.  
A negro prisoner, charged with the  
violation of the law, was sentenced to  
one year in the penitentiary for aiding  
William Mack, the negro, to escape.

**Death of Two Ladies.**  
Mrs. Indiana M. Tucker, aged sev-  
enty years, died last night shortly be-  
fore 11 o'clock at the residence of her  
daughter, Mrs. Schenck, on  
Harrison Street, after an illness of sev-

eral months. She was a consistent  
Christian and is survived by one  
daughter and one brother, Mr. J. A.  
Chappell, of Dinwiddie county.  
Mrs. J. V. Whitehorn died this after-  
noon at 6 o'clock at her residence on  
West Washington Street. She had  
been an invalid for some time. Mrs.  
Whitehorn was a woman of great  
charity, and her ministrations to the  
poor and unfortunate were too many to  
be told. She was a lady of self-sacri-  
ficing devotion to duty and will be  
greatly missed. She is survived by her  
husband, two brothers, Mr. J. M. Pol-  
lard, of Amelia county, and Mr. W. M.  
Rucker, of this city. She was sixty-  
five years old.

**A Large number of Richmond Odd-  
Fellows** will visit Petersburg to-mor-  
row evening, and pay a fraternal visit  
to the Petersburg lodges. The three  
lodges in this city will meet together  
to receive and entertain the visitors,  
and a delightful occasion is anticipated.  
The Petersburg Trunk and Bag Com-  
pany, which has been in operation for  
three years, has changed hands, the  
purchasers being one of the larger  
trunk and bag firms.

A conference of leading Republicans  
was held last night at the Stratford Ho-  
tel. Among those present outside of the  
district was Mr. Alvin H. Martin,  
of Norfolk. Nothing was to the object  
or proposed for publication.

**News of General Interest.**  
A Bryan, Kern and Lassiter cam-  
paign club has been organized in Rives  
district, Prince George county, with  
C. F. Saunders, president. The club  
membership is mostly among the Bo-  
hemians, and will be largely increased.  
It is reported that one or two mem-  
bers of the Democratic City Central  
Committee will resign their positions  
because of lack of sympathy for the  
national ticket.

The Petersburg Grays, Captain Ben-  
jamin Harrison are having operation for  
new winter regulation uniforms.  
The Bain tract of 1,100 acres of land  
in Dinwiddie county, which was offered  
at public sale this week by Butterworth  
& Son, was withdrawn on a bid of \$25,  
000. There is much valuable timber on  
the land.

Democratic electors Kelly, of the  
Third District, and Cooke, of the Fourth  
District, have signified their will-  
ingness to ask in Petersburg when their  
services are needed.

Congressman Lassiter will arrive in  
New York from his European trip this  
week and will be home by Saturday.

## SUSSEX COUNTY CLUB.

Democrats Organize to Boost Bryan,  
Kern and Lassiter.

[Special to The Times-Dispatch.]  
WAKEFIELD, Va., September 23.—  
At a meeting held at the hotel at  
Wakefield on Tuesday evening, Septem-  
ber 23d, at 8 o'clock, a Bryan-Kern-  
Lassiter Club was organized. Mr. Tho-  
mas Howerton introduced to the com-  
mittee the Hon. William B. Cooke, the  
Democratic elector from the Fourth  
Congressional District. In a speech of  
well-chosen words Mr. Cooke ad-  
dressed the meeting.

At the conclusion of speaking the  
club was formed.  
J. A. Brittle, chairman of board of  
supervisors, was elected president; N. B.  
Pond, secretary and treasurer; J. R.  
Bell, first vice-president; W. H. Dray-  
ardson, second vice-president; L. E.  
Stephenson, third vice-president; A. E.  
Mathews, fourth vice-president; W. B.  
Griffin, fifth vice-president.

**STRUCK WITH AXE.**  
Aged Negro Woman Is Badly Injured  
by Oldster.

[Special to The Times-Dispatch.]  
LYNCHBURG, Va., September 23.—  
Easter Williams, colored, sixty years  
old, stumbled into the home of County  
Officer L. R. Brown, in Deering, this  
morning and fainted from loss of blood,  
after having been struck back of the  
head with a blunt end of an axe by  
Booker Freshman, also colored, who  
is about seventy years old. A dispute  
over a basket of eggs caused the trou-  
ble. Freshman has not been captured.

**HELD FOR GRAND JURY.**  
White Hall Merchant to Answer Charge  
of Felonious Shooting.

[Special to The Times-Dispatch.]  
WINCHESTER, Va., September 23.—  
Andrew Cloud, a merchant of White  
Hall, in this county, who shot North  
Shirley while the latter was engaged in  
a fight at Cloud's store, was to-day  
committed to jail for the grand jury.  
Witnesses at the hearing testified that  
Cloud declared he hoped he had killed  
Shirley, but to-day he expressed re-  
grets.

Shirley is still hovering between life  
and death, with a bullet hole through  
his abdomen.

**RAISE FUNDS FOR SCHOOL.**

Methodists of Norfolk to Send Money to  
Southampton.

[Special to The Times-Dispatch.]  
NORFOLK, Va., September 23.—The  
Methodists of Norfolk will at once be-  
gin a campaign among the members  
of the denomination connected with the  
nineteen Methodist Churches of Norfolk  
and Portsmouth for the raising of \$20,  
000 towards the endowment fund of the  
Southampton school. The committee  
has adopted the plan so success-  
fully used by the Young Men's Christian  
Association last summer.

**Cars in Rear-End Collision.**

Both going east on the Main Street  
tracks, a Clay Street car ran into the  
rear of a Main Street car near the  
Ninth Street corner last night at 1:30  
o'clock. The Clay Street car was go-  
ing at a good rate of speed and the  
motorman was unable to apply his  
brake in time to keep from running  
into the rear of the car ahead. The  
shock was sufficient to throw half of  
the passengers out of their seats, but  
no one was injured. A broken fender  
on the Clay Street car was the only  
damage.

## CHOLERA INVADES HOMES OF GREAT

Plague on Increase in Rus-  
sia, and is Appearing in  
Aristocratic Precincts

S. PETERSBURG, September 23.—  
Not only has the number of  
cases of Asiatic cholera in this  
city increased to-day, but the  
disease has invaded the  
aristocratic precincts of St. Petersburg.

It has even reached the winter palace,  
one case having been discovered in the  
servants' quarters of the palace in  
which extensive preparations are going  
on in the expectation that the  
Emperor and Empress will spend part  
of the coming season in the capital.  
Other cases have been discovered in the  
palace of Grand Duke Nicholas  
Nicholaievitch, the Tauris palace, the  
palace of Prince Alexander Oldenburg,  
a cousin of the Emperor, and the Im-  
perial Opera-House.

A number of diplomats and promi-  
nent city people have hurried their de-  
parture abroad, but the exodus has been  
checked to a considerable extent by the  
prayer of being held in quarantine  
at the frontier.

In order to test the efficacy of vac-  
cination in cholera cases several gradu-  
ate students of St. Petersburg Uni-  
versity, voluntarily permitted them-  
selves to be vaccinated, after which  
they drank a solution containing  
cholera germs.

**More Than Can Bury.**

The accumulation of corpses at the  
graveyards continues. There were  
ninety-two unburied bodies at the  
Preobrazhenskoy Cemetery this morn-  
ing, and the regular mortuary train  
brought down 146 more. The sextons  
are able to inter only 120 bodies a day.  
The authorities have stopped naviga-  
tion in the Marine canal, a winding  
and stagnant ditch that runs several  
miles into the heart of the city.

The report for the twenty-four hours  
ending at noon to-day shows 438 cases  
and 158 deaths in St. Petersburg, an  
increase of nineteen cases and a win-  
crease of eighteen deaths, as compared  
to Tuesday's statistics. The disease  
has broken out among the cadets at  
Pavlovsk Military Academy, one of the  
most important higher military schools  
in the empire. Forty cadets have  
been sent to hospitals and two deaths  
already have been announced. Several  
attendants at the academy have been  
stricken. The academy has been  
closed and the remaining cadets sent  
into camp at Kresnoe-Selo.

**Precautions in France.**

PARIS, September 23.—Fearing that  
the cholera in Russia may spread to  
her borders, France is extending pre-  
cautions against the disease. Emer-  
gency ambulance stations, a winding  
and stagnant ditch that runs several  
miles into the heart of the city.

Bids a Hearty Welcome to Every Visitor During Founders' Week.

PHILADELPHIA FOUNDED AS A CITY IN 1683

Philadelphia is a city with 307,647 dwellings; 65,000 built within the last ten years. Philadelphia is the city which gave birth to the Bill of Rights. Philadelphia is the home of the Declaration of Independence. Philadelphia is the birthplace of the Constitution of the United States. Philadelphia has 16,000 Manufacturing Plants, employing 250,000 skilled laborers, each year consuming \$400,000,000 of raw material and producing \$700,000,000 of manufactures. Philadelphia has 57 Parks and Squares, one of them being the largest park in the world, containing over 3400 acres. Philadelphia manufactures 8 locomotives every working day, or 2663 in the year. These locomotives on a perfectly level track would haul 168,000 loaded cars of 50 tons capacity. Philadelphia manufactures each year 4,800,000 hats. The bands, end on end, would reach from Philadelphia to Denver. Philadelphia in past 52 years has borrowed 136 million dollars; has paid off 73 million of this debt, and now, with only 63 million dollars outstanding, owns property valued at more than 277 million dollars. Philadelphia manufactures each year 45,000,000 yards of carpet, enough to put a belt around the earth and leave a remnant long enough to reach Cincinnati. Philadelphia has 105 National Banks, Trust Companies and Saving Funds, with total capital and surplus of 170 million dollars and deposits of 587 million dollars. Philadelphia builds 15 Electric Railway Cars per day. Philadelphia has 650 miles of Electric Tramways, including Elevated, Surface and Subway Lines. Philadelphia has a jobbing and wholesale trade of \$500,000,000 annually. Philadelphia's History Dramatized on Franklin Field Every Evening During Founders' Week
